

## Important Information for UT Employees About Your Superior Vision ID Card

Superior Vision ID cards being sent to the employees of the University of Texas System (UT) have a both an alpha-numeric and a subscriber ID number printed on them. This was done to improve customer service and enhance security and privacy. Each card will have the ID numbers printed on them as shown below.

The member identification number appears on the right hand side of the card as seen in the example above. That number is a two part number with an alpha-numeric number issued by UT and a subscriber ID number issued by Superior Vision. Both you and your eyecare provider can use either number when contacting Superior Vision about your benefits.

Don't forget, you may register on our website, [www.superiorvision.com](http://www.superiorvision.com), and create an account for yourself and your dependents. Please use your subscriber ID number for your initial sign-on.
